GENERAL CONDITIONS AND REGULATIONS UNDER WHICH AQUAGIB LTD (Herein after referred to as AQUAGIB) WILL SUPPLY SALT WATER THROUGH PERMANENT CONNECTIONS TO THE MAINS

APPLICATIONS

1. Applications for the supply of salt water for any purpose must be made on the form prescribed by AquaGib.

COST OF CONNECTION

2. The first cost of any branch or communication pipe necessary to enable the supply to be given shall be borne by the party making the application, who shall be required to deposit the amount of the estimated costs of the work inclusive of all material, before it is commenced. Tapping the main, fixing the ferrule, laying the communication pipe to boundary of the premises, fixing the stopcock and cover shall be carried out by AquaGib's workmen at the cost of the applicant.

COMMUNICATION PIPES

3. All communication pipes made to communicate with any MAINS situated under public highway, or any other place of public or general resort, shall become part of the waterworks of Gibraltar and be under the entire control and management of AquaGib and all the expenses necessarily incurred by AquaGib in maintaining in good condition such communication pipes shall be paid by AquaGib.

POSITION OF SERVICE PIPE

4. The Engineer to AquaGib shall determine the position where the service pipe shall enter the premises and also the position of the communication pipe stopcock. In general the stopcock shall be placed in the public highway as near to the building face as practicable.

INTERFERENCE WITH AQUAGIB'S APPARATUS

5. AquaGib will (without prejudice to any other right or remedy) institute legal proceedings against any person who wilfully or by culpable negligence injures or suffers to be injured any fittings being part of the waterworks of Gibraltar.

PIPES, FITTINGS, ETC, IN PREMISES

6. No person shall for the conveying, delivering, receiving or using the water supplied by AquaGib, fix fit or use any pipe, tap cock, tank or other fitting which shall not be of good quality and of such type, strength and standard as in the opinion of the Engineer to AquaGib complies with the WATER RULES and is fit for the purpose. The consumer shall maintain all such, pipes, taps, cocks, tanks and other fittings in good condition and repair and renew them when necessary.

STORAGE TANKS

7. It is strongly recommended that the consumer should provide within his premises at his own expense a tank or tanks of approved construction and design to store at least 36 hours supply of water.

NOTICE OF ALTERATIONS

8. No alterations or additions shall be made to the water supply installations of the premises until after forty-eight (48) hours notice thereof has been given to AquaGib.

WASTE, ETC, OF WATER

9. No person supplied with water by AquaGib, shall cause or suffer any pipe, tap, cock, tank, fitting, bath or other apparatus or receptacle to be out of repair or to be so used or contrived that the water supplied is likely to be wasted.

INSPECTION

10. AquaGib shall by their officers, servants or workmen have access at all reasonable times to pipes, taps, cocks, tanks and other fittings of the premises.

RESTRICTION OF SUPPLY

11. AquaGib reserves the right to restrict the supply or to cut it off for the purposes of conducting tests to locate leakages in pipes, etc. and/or should exceptional circumstances compel them to do so. A constant supply is not guaranteed.

DISCONTINUANCE OF SUPPLY

12. If any fee charge, expense, etc, payable by the consumer under these Conditions and Regulations shall be due and not paid, or if consumer shall have failed to make any deposit required by AquaGib by way of security, AquaGib may without notice cut off the supply.

AquaGib will decline to supply sea water if the water supply installation of the premises or any fittings in connection therewith fail to satisfy them and will cut off the supply if such installation and fittings are not kept in good condition or repair.

The consumer shall notify AquaGib in writing, whenever he ceases to require a supply of sea water.

COMMUNICATION

13. All enquiries and complaints respecting supply of sea water should be addressed to AQUAGIB LTD, SUITE 10B, LEANSE PLACE, 50 TOWN RANGE, GIBRALTAR.

VARIATION

14. AquaGib may from time to time amend these General Conditions and Regulations and such variations shall be notified to the consumer by a notice in the "Gibraltar Gazette".
